## IDRASTU 4007

### *BINDERS AND FILLERS IN WATER DISPERSION*

#### **APPLICATION**

---

**IDRASTU 4007:** is a paste product designed to mask the surface defects of leather

such as scratches, marks and others.

It is applied with a spatula generally before grinding or on previously sanded leathers which, after the application of IDRASTU 4007, will be re-braided in order to remove excess product. The results are to obtain a very smooth and uniform surface ready to be finished for drummed printed leathers.

The main features of IDRASTU 4007 are excellent adhesion and print retention, maintaining the elasticity

of the leather unaltered, and it is easily buffed.

It is used for the production of corrected grain leathers, soft prints and drumsticks such as buffaloes or large cows, for furniture or clothing.

#### **PRODUCT CHARACTERISTICS**

---

APPEARANCE	: White paste
SOLID CONTENT	: c.a.28,5%
SPECIFIC GRAVITY	: 0,70 g/cm <sup>3</sup>
PHASE	: Aqueous
pH	: 8.0-9.0
STORAGE	: 12 month 5-35 °C Protect from frost
NOTE	: Shake well before use

All information is given in good faith but without warranty and we cannot accept responsibility or liability for any damage.
